Abbreviations:

- Ch: chain(s)

- Sc: single crochet
- Hdc: half double crochet
- Dc: double crochet
- Inc: sc increase
- Dec: sc decrease
- Hdc inc: half double crochet increase
- BLO: in back loops only
- FLO: in front loops only
- MR: magic ring
- R: row

NOTES:

*When the pattern says *...* repeat (...) = you need to repeat what is between the *...* till the end of the row. The number between the (...) is the total number of stitches you should have once you get to the end of the row

*I recommend an invisible decrease instead of a normal decrease to avoid holes in the finished item

*The “ch1” from “ch1 and turn” does NOT count as a stitch. The same goes for ch2 and turn

*The color you need to use for your row is mentioned at the beginning of the row. When nothing is mentioned you need to use the same color as the previous row

*Whenever the row tells you to work in either front or back loop only, this is for that particular row only, not for the previous or next row unless stated otherwise

*This pattern is made with a “YARN UNDER” single crochet. Even though I highly recommend the use of this instead of the normal single crochet, you can still make this pattern with a normal single crochet. The end result will then just be slightly bigger than mine

*Using thicker yarn and a bigger crochet hook than me will result in a bigger finished item.

*Using thinner yarn and a smaller crochet hook than me will result in a smaller finished item.

*When you see (P1), (P2), (P3),...that is telling you which picture your row or sentence is referring to.

IMPORTANT INFORMATION:

Row examples:

2sc, inc, 2sc repeat = 2sc, inc, 2sc, 2sc, inc, 2sc, 2sc, inc, 2sc, ...

3sc, inc repeat = 3sc, inc, 3sc, inc, 3sc, inc, ...

This crochet pattern is for personal use only and may NOT be copied, sold, resold, shared (with people/friends/online/...), translated, published, distributed, claimed as your own design, ... in any way or form without my permission.

If you have a question about the pattern and would like to post it on Facebook, please use a photo of the row you have a problem with, not several rows, half a page or even more..

You can sell the finished item (not the pattern of course) in limited quantities, but please mention the designer (= Craftygenesindonesia) and where the pattern can be found.
